We need your help now to collect enough gift cards for the 140 teachers, staff, and bus drivers at LMS. [Please sign up here](#) to donate a gift card today. The committee also adjusted the quorum number to ten (10) to meet our voting needs.

We encourage all PTA members to [click here to review the Bylaws](#) prior to voting at our May 3rd PTA meeting.

McLean High School Overcrowding Update

As a community, we have been discussing the overcrowding issue at McLean for the past several months. McLean is currently at 114% of capacity with 14 trailer classrooms and the current forecast is for it to reach 127% of capacity by 2023. We have heard from Superintendent Dr. Braband and our School Board member Janie Strauss regarding the need to have a plan to help relieve McLean's overcrowding situation. McLean is the only high school that is over capacity without a plan to relieve the overcrowding with a renovation or addition. The short-term plan calls for a modular building to be installed on the practice softball field that would have 14 self-contained classrooms. This will bring McLean's capacity outside the school to a total of 28 classrooms. The longer-term solution is a boundary change between McLean and Langley which is newly renovated and currently at 82% of capacity.

We need to make sure the McLean community is making their voices heard and fighting for McLean High School. No school does more with less physical space. The school continues to turn out amazing, college-ready students and they are worth fighting for. A parent/community group has formed called **McLean High Students, Parents And Community Expect Sensible School Size (McSPaCES)**. This group has formed in order to engage the community with our school board members and FCPS administration to bring the necessary relief to McLean High School so our students have the safe and sensible learning environment they deserve. [Click here](#) and [here](#) to read more about the issue. Send an email to mcspace1955@gmail.com to join the group. [Watch the local news story on overcrowding at McLean here.](#)

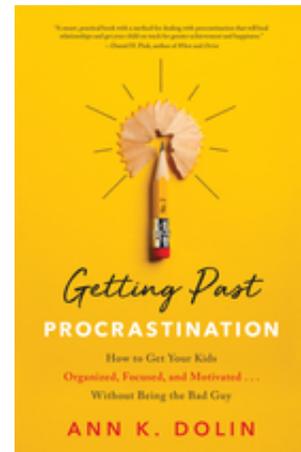

There will be an update at our last PTA meeting in May on any progress that has been made and the next steps to bring change to our community. We are

also hoping to have Janie Strauss come and speak to parents about this important issue affecting our student's learning environment. Stay tuned for further details.
